## AFFIDAVIT OF BERNADETTE G. BLANCO

I, , this 29<sup>th</sup> day of November, under the penalties of perjury and upon personal knowledge that the contents of this Affidavit are true, accurate, and correct, and that I am competent to testify:

1. My name is BERNADETTE BLANCO.
2. I live at [REDACTED], Farmington Hills, MI 48335.
3. I am employed as an Executive Assistant at Texas Instruments.
4. I am a republican, and registered to receive an absentee ballot for the November 3, 2020 election.
5. In September 2020, I received a ballot in the mail for the November 3, 2020 election. I completed the ballot, signed my name, placed a stamp on the envelope and mailed it.
6. I received another ballot for the November 3, 2020 election which made me question the integrity of the voting process. I did not complete the second ballot.
7. I contacted the Farmington Hills City Clerk's Office by telephone. I was informed that the ballots that I received were not "official ballots" and that

the ballots for the November 3, 2020 election had not yet been mailed by the Farmington Hills City Clerk's Office. I was told that the official ballots from the Farmington Hills Clerk's Office would be mailed on September 24, 2020. The Clerk's Office explained in great detail what the official ballot looks like, and described what I should be looking for in the mail.

8. The Clerk's Office explained that fake ballots were circulating by campaign groups.
9. I subsequently received an "official" mail in ballot from the Farmington Hills City Clerk that I completed. The "official" ballot from the City Clerk look very different than the previous mail in ballots that I had received.
10. I was able to confirm that my official ballot was received according to the Michigan.gov site.
11. To my knowledge the Farmington City Clerk's office did not attempt to notify residents of Farmington Hills that fake ballots were circulating by independent campaign groups.
12. I believe these independent campaign groups circulated these fake ballots to make targeted groups believe that they had already voted when they received an official ballot, or make them believe it was unnecessary to vote in person on November 3, 2020.

I declare that, to the best of my knowledge, the information that I have provided is correct.

## AFFIDAVIT OF NANCY MARSACK

I, NANCY MARSACK, this 29<sup>th</sup> day of November, under the penalties of perjury and upon personal knowledge that the contents of this Affidavit are true, accurate, and correct, and that I am competent to testify:

1. My name is NANCY MARSACK.
2. I live at [REDACTED], Warren, MI 48092.
3. I am a homemaker.
4. I voted on November 3, 2020 at Mott High School in Warren, MI.
5. At Mott High School I signed in and was provided with a marker to sign my name to get my ballot. This detail sticks out to me because I am left handed and signing my name left handed is awkward with a marker.
6. I was provided with a very, thick, black marker to complete my ballot with.
7. The marker was thick, and dark and caused bleeding through the paper on my two-sided ballot.
8. This looked concerning to me, and I checked the folder underneath my ballot and saw tons of black marker on the folder. There was so much black

marking from bleeding that it was not possible that the bleeding came from just my ballot.

9. I did not know if the machine would take the ballot, but I slid it through the opening. I do not know if my ballot was counted due to the bleeding from the marker on both sides of my ballot.

10. I observed only markers as an option when I was given my ballot to vote.

I declare that, to the best of my knowledge, the information that I have provided is correct.

7. When I was handed my ballot, there was a single cup to choose a marker from. There were no pens or pencils in the cup.
8. The Holmes gymnasium contained 4 precincts voting the same gymnasium. I only observed black markers in the cup when I received my ballot. The people before me in line selected a writing instrument from the same cup of black markers.

10. After I voted, I placed the black marker in a different cup at the table where an election worker was instructing me to place my ballot in the machine. I then placed my ballot into the feeder of the machine and exited the gymnasium.
